My expertise lies in Testing, TypeScript, JavaScript, and I have professional experience working with ReactJS, PHP, HTML5, Bootstrap 5, and CSS. "

Experience: -

- 2 Years of experience as an Assistant Developer at Sabre-Edge IT Solutions.

Technical Skills:

- **Html**
- **CSS**
- **Bootstrap5**
- **JavaScript**
- **Ajax**
- **jQuery**
- **PHP**
- **MySQL**
- **Git**
- **Familiar with (ReactJS, Laravel, Angular)**

Trainings & Certifications:

- ACCP-PRO (Aptech Certified Professional Course)

Educational Qualification:

- MCA (Master of Computer Application) From IGNOU. (2023)
- BCA (Bachelor of Computer Application) From IGNOU. (2020)

Projects:

• **Jigsaw Abacus:**

About Project: This is an Educational Website for Students

- "I have created [jigsaw abacus website](https://www.jigsawabacus.com/) which was my first solo project. In this project, I utilized PHP for the backend and Bootstrap 5, CSS, HTML, and JavaScript for the frontend.
- For form validations, I implemented jQuery form submission. Additionally, I developed an adminpanel using PHP."
- **project Link:** - <https://www.jigsawabacus.com/>

- **Claim Process (Build In LARAVEL)**

About Project: In This CRM Claimants(user) will check and Submit Form Applications

- "My second project involved a Claim Process system with multiple panels (it was group project). This was the largest project I have ever worked on.
- In this project, my role was to create all frontend design forms and design PDFs using Bootstrap5, HTML5, Css, Ajax etc among other tasks. In this project, there are panels for administrators, sub-administrators, insolvency professionals (IP), sub-insolvency professionals (sub-IP), and claimants (user panel)

- **E-Auction**

About Project: This CRM is a transaction between sellers and bidders on goods or services online in an electronic marketplace.

- In this Project "My third project was an e-auction platform, which included panels for administrators, sub-administrators, bidders, and liquidators. (It was group project)
- In this project, I worked as a frontend developer, designing everything from scratch, including forms, web pages, and more."
- **Project Link:** - <https://www.eauction.ipsupport.in/>

- **Sabre-Edge It Solutions**

About Project: This is the main Official website of our company.

- "This website, <https://sabredge.com/>, HYPERLINK "<https://sabredge.com/>" HYPERLINK "<https://sabredge.com/>" HYPERLINK "<https://sabredge.com/>" is our official website. It was my solo project.
- Sabre-Edge is a service-based company that provides services such as e-auction, e-voting, claimprocess, and IP support."
- **Project Link:** - <https://sabredge.com/>
- "In addition to these projects, I have worked on numerous websites using the mentioned technologies. I have also developed two projects using ReactJS and one using Angular, and all the code can be found on my GitHub repository."
